

King's Cross Estate Services' Environmental Policy

We recognise that environmental considerations should be integrated into our everyday working practices and embedded into our corporate culture. This policy sets the framework for the way we manage our impact on the environment in the properties and public realm we manage.

Our Commitment

- King's Cross Estate Services (KCES) is committed to respecting the environment in which we operate whilst maintaining commercial viability, long-term profitability and enhancement of our reputation.

Our Plan

- Assess the impact of our operations on the environment and implement a continuous improvement plan to minimise environmental impact.
- Set objectives and targets and monitor our performance against them to ensure continual improvement.
- Regularly review our objectives and targets to ensure they are appropriate and achievable.

Our Objectives

- To communicate with our stakeholders, including our employees, clients, occupiers, suppliers and contractors to raise awareness of environmental issues and ensure effective management of our environmental impact.
- To incorporate environmental considerations, including the sustainable use of resources and materials, into the design process of projects and enhancement works.
- To promote efficient use of resources and reduction in the production of greenhouse gas emissions and local air pollutants, and promote the minimisation, re-use and recycling of waste arising from our activities.
- To use our influence to improve environmental performance in our supply chain and encourage purchasing of sustainable products and materials.
- To comply with all applicable legal requirements.

Management

- We will continue to evolve our Environmental Management System to effect the plan and to monitor and adhere to our Environmental Policy.
- All of our employees are responsible for the implementation of this policy.

Reporting

- Progress will be reported to the Estate Director on an annual basis.
